My Battle with Blood Cancer

Diagnosed with Multiple Myeloma in 2010

Cancer brought me face-to-face with high price drugs

Patient Voices Absent on Drug Pricing

83 percent of patient groups with funding over \$7.5 million receive take money from drug corporations

Some, including IMF, have activated patients *against* proposals aimed at lowering drug prices

We don't accept funding from any organizations that profit from the development or distribution of Rx drugs.

Tell Patient Stories: Educate, engage, and mobilize patients in support of policies to lower drug prices.

The only independent national patient organization focused *exclusively* on policies to lower Rx drug prices.

Stories of Pain and Struggle

In just 5 month, we have collected 7,000 stories and 10,000 email addresses/zip codes.
