CMS Information and Resources for the Medicare Drug Benefit
Goal: Provide Medicare beneficiaries the information and support they and the people they trust need to make the decision to enroll in the new Medicare drug coverage.

Strategy: Encourage a national conversation with families, friends and neighbors on the new drug benefit by providing continuous targeted outreach, education, and enrollment assistance through local and national support.

Landscape of Local Plans

• Lays out Medicare prescription drug plans by state or Medicare Advantage prescription drug plans by county.

• Basic information provided to help find a plan that meets your needs based on:
  • **cost** (premiums, deductibles, and payments),
  • **coverage** (coverage offered in the “coverage gap”, how many of the top 100 drugs are covered by each plan, prior authorization, step therapy)
  • **convenience** (whether a mail-order option is available in addition to the local pharmacies covered by the plan).
Prescription Drug Plan Finder

• Provides customized cost information for Medicare prescription drug plans and Medicare Advantage prescription drug plans based on current prescriptions and eligibility for extra help.

• Customized Print on Demand booklet.
Prescription Drug Plan Finder

Allows users to determine current coverage and make a side-by-side comparison of plans based on cost, coverage and convenience:

Cost – Plan Finder shows a list of drug plans in an area, sorted by the lowest total cost for current drugs. Allows users to narrow down the choices based on deductibles, premiums, plan name, or availability of mail order.

Coverage – Plan Finder displays the coverage each plan offers and personalized information on plans.

Convenience – Plan Finder can identify plans that are accepted by preferred and nearby pharmacies, and plans that provide mail-order prescriptions.
