

# Understanding What's Next for Medicaid

Melinda Abrams, M.S.  
Vice President, Health Care Delivery System Reform

## Two-thirds of Medicaid Beneficiaries are Children, Elderly or Disabled Adults

Source: Kaiser Family Foundation, Medicaid Enrollees by Enrollment Group, FY2014.

## What Does Medicaid Cover?

Nearly half of all births

Comprehensive benefits for children, known as “EPSDT”

Long-term care, including both nursing home care and community-based long-term services and supports.

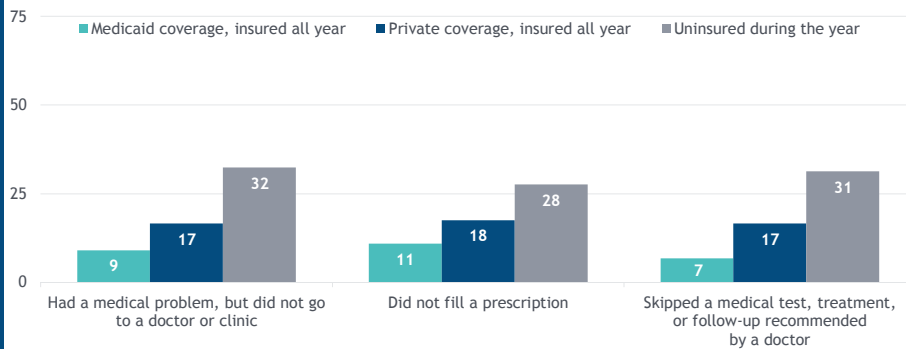

- More than half of Medicaid-covered long-term care is provided in the home or community, enabling seniors and people with disabilities to live independently.

## Adults with Medicaid Reported Lower Rates of Cost-Related Access Problems Than Adults with Private Coverage and Those Uninsured During the Year

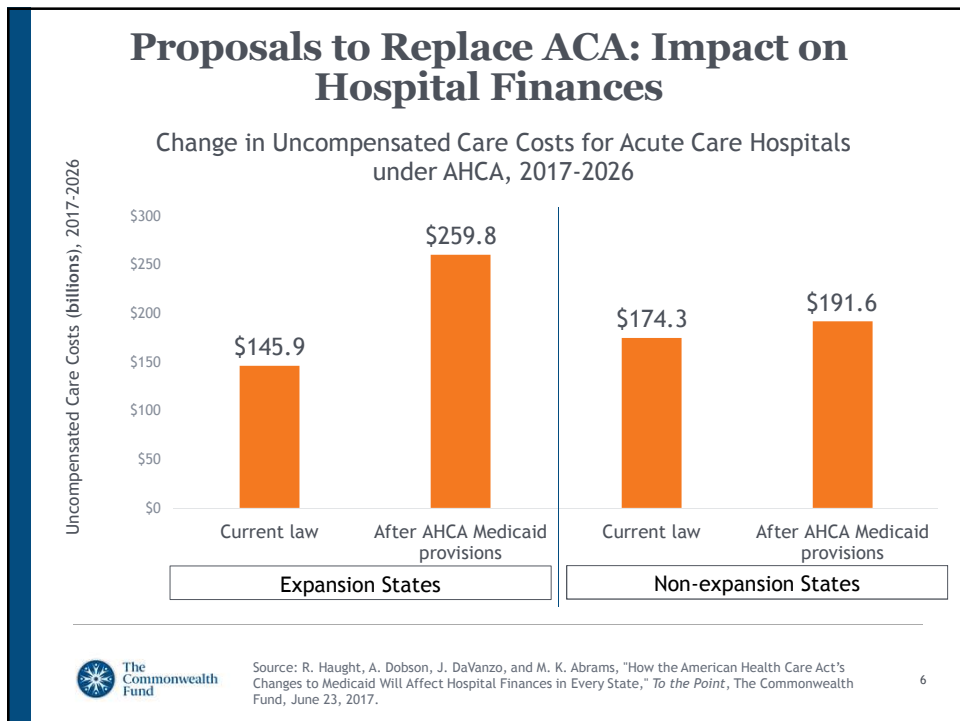

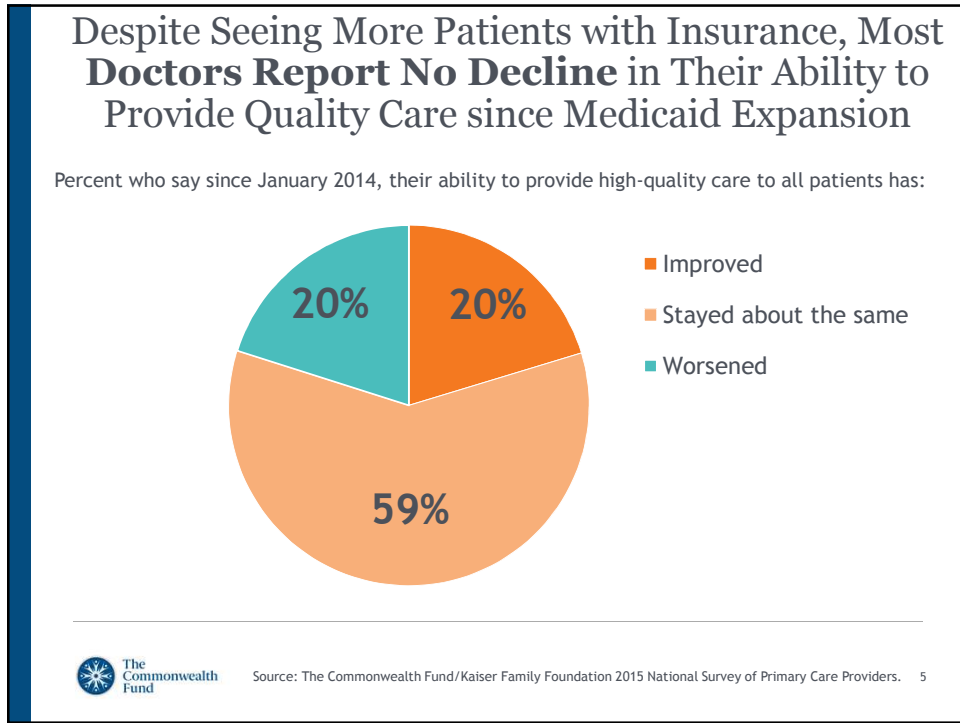

Percent adults ages 19-64

Notes: “Uninsured during the year” includes respondents who were uninsured at the time of the survey or had a gap in coverage during the past 12 months. Private coverage includes adults who were enrolled in either employer plans, marketplace plans, or plans purchased directly off of the marketplaces. ^ Difference is statistically significant from those who were uninsured during the year ( $p \leq 0.05$ ). \* Difference is statistically significant from those with private coverage who were insured all year ( $p \leq 0.05$ ). Percentages were adjusted for age, race, sex, health status, and income.

## Proposals to Replace ACA: Impact on Jobs

**If the BCRA becomes law, by 2026:**  
**1.46 million jobs would be lost,  
gross state products would drop  
by \$162 billion, and business  
output would fall by \$265 billion.**
