* Money also being used to reimburse providers for treating uninsured COVID-19 patients
Figure 3
Announced Provider Relief Allocations as of Aug. 3, 2020

Total: $175B

NOTES: General allocation for Medicare providers was based on their total net patient revenue; $15B for Medicaid providers and dentists will also be based on total net patient revenue; $12B for hospitals with at least 100 COVID-19 patients by 4/10 includes the additional $2B for safety net hospitals; the $11B for rural hospitals includes the $1B announced on 7/10/2020 for certain special rural Medicare designation hospitals in urban areas as well as others who provide care in smaller non-rural communities; SNF is skilled nursing facility, IHS is Indian Health Service.

Figure 4

Formula HHS Used Rewards Providers with More Revenue from Private Insurers

Relief funds per hospital bed for hospitals in the top and bottom decile of private insurance revenue as a share of total net patient revenue:

- Hospitals with the Highest Share of Private Insurance Revenue: $44,321
- Hospitals with the Lowest Share of Private Insurance Revenue: $20,710

Note: Hospitals with missing data were excluded.
