## **CELEBRATING 30 YEARS**

Thirty years after our founding, the Alliance for Health Policy continues its mission to serve as an educational resource for policymakers, the media, and the broader health policy community. We have championed the idea that bipartisan dialogue is a necessary component of solving the toughest health policy issues of the day.

**To celebrate our accomplishments and envision the future**, the Alliance's 30th Anniversary Dinner will bring together the health policy community for an evening of reconnection and inspiration. We will recognize our steadfast partners and honor the many individuals who have shared in the Alliance journey, as we look to building the future together.

## **JOIN THE CELEBRATION**

As our community gathers, we invite you to join us in celebrating what's ahead. **Sponsoring the Anniversary Dinner offers you and your organization an unparalleled opportunity** to connect with fellow health care and health policy leaders and provides you with premier recognition leading up to, and during, this special event.
