ALLIANCE
FOR HEALTH POLICY

BIPARTISAN LEARNING COMMUNITIES
CONGRESSIONAL FELLOW

What's a health policy issue that personally motivates you?

Improving rural healthcare is deeply personal to me. Representing South Dakota fuels my commitment to ensuring our communities can access and deliver quality care. I'm driven to help patients and providers overcome the geographic and resource challenges of rural life.

What are the areas in health policy you are excited to learn?

I'm eager to learn more about the challenges pharmacists face and the dynamics between pharmacists, PBMs, and manufacturers. 340B is a key issue for my boss and our covered entities, and I'm excited to deepen my understanding of the field.

What's one thing you've learned during this fellowship that will stick with you?

I've enjoyed connecting with like-minded individuals in the program who understand the challenges we face. These connections have been valuable, helping me learn more about the work other offices are doing and gain new perspectives.
