

2025

NICK VALENTI
Legislative Assistant

ALLIANCE
FOR HEALTH POLICY

BIPARTISAN LEARNING COMMUNITIES
CONGRESSIONAL FELLOW

What's one thing you've learned during this fellowship that will stick with you?

How beneficial it can be to get to know your Hill colleagues face to face. We can get caught up in how busy things are on a day-to-day basis and rely on email, but developing those personal relationships really makes a difference.

What's a health policy issue that personally motivates you?

Working to create sustainable health care access in rural communities. Our rural health care systems mean so much more to their communities than just providing health care, especially when they are often the largest employers and key economic drivers in their area.

What does leadership look like to you at this stage in your career?

Leadership at this stage in my career means making the effort to develop relationships and have conversations with people across the political spectrum to find common ground to solve critical health care issues.
